

William Sisson
Senior Consultant

William Sisson is the Senior Consultant for SES Asia Seoul where he develops marketing strategies that lead to permanent staffing solutions for multinational companies. William leverages his proven experience in sourcing and placing qualified candidates for large, international organizations. William has over 16 years of professional working experience in domestic and international companies. He is currently focusing his duties on consulting foreign multinational companies, interested in establishing a business in Korea, with labor and marketing research, recruiting and business consultation. He specializes in searching for top talent working in the Life Sciences, Financial Services and Consumer Goods industries.

Prior to joining SES Asia, William's experiences grew while working for Dynamics Research Corporation, Electronic Data Systems and The Center for Communication and Educational Technology. He has been involved in the hospitality industry as well as institutes of higher education. His non-profit sector included the position of Director of Volunteer Services at Children's National Medical Center in Washington DC.

A graduate of Troy State University, William holds a Master of Science in Public Administration and a Bachelor of Science in Communication from the University of Montevallo in the U.S. As a person who is dedicated to professional growth and business networking, he recently became a member of the American Chamber of Commerce in Korea. William currently resides in Seoul and enjoys the beach, hiking and great food.

William Sisson can be reached at wsisson@sesasia.com and by phone at +82 2 551-0361.
